2017/1454/L	Anne De Bruyker	Flat 120A Drummond Street	16/03/2017 11:42:58	COMMNT	Dear Sirs

I am the Leaseholder of the nearby flat at 120A Drummond Street. I believe that this will enhance the living space of the property, without disrupting the overall appearance of Drummond Street. living in a central London street has many advantages, but the lack of sunlight and useable outside space is a real detriment to the quality of life in the street. I feel that the development will enable the residents to live more in the current , than being restricted to a lifestyle of a design which, in many ways, is completely outdated compared to modern living. the charm of old Drummond Street would be preserved, and the quality of living be vastly improved.
