2017/0465/P

Categories: Red Category

Dear Mr Thuaire

We understand that this application is for a revision of application no:2014/3517/P.

In the original decision of December 2014 page2 paragraphs 3 & 4 it is stated that the flat roof of the rear wing shall not be used as an amenity terrace and that all rear windows be obscure glazed and fixed shut to 1.7 m above floor level.

Please could you confirm to us that these constraints will be carried over into any revised permission which may be granted.

Yours sincerely
SC &/W Paul
