A BETTER WAY TO STORE YOUR BIKE

LOVE
YOUR
BIKE

Classic Rack

With its ability to store multiple bicycles of various sizes, the Steadyrack Classic Rack is the perfect storage solution for both families and business users. Thanks to its unique swivel action, you can store a number of bicycles side by side; bikes can be left in the central position or the rack can be swivelled to the left or right as the need arises. The rack is extremely simple to use and takes up little space, making it an all-round winner.

The Steadyrack comes in three variations to suit your bike:

[The Steadyrack Classic](#)

[The Steadyrack Fat Rack](#)

[The Steadyrack Fender Rack](#)

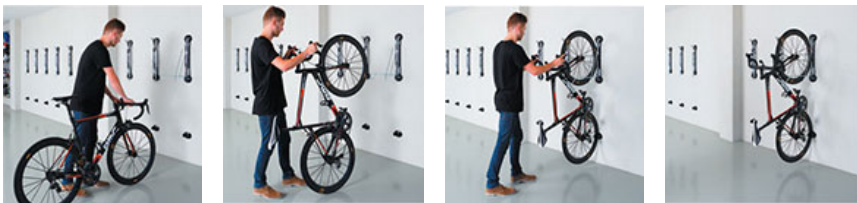

Features:

No lifting - balance your bike on the back wheel and push it into the rack

Snug fit - your bike fits snugly in the rack

Space saving - Swivels almost 180 degrees from side to side

Folds away - Simply fold up your rack when it is not in use and it fits snugly on the wall

Price: £54.95

James Burnside

great product, great service, great company!...

Posted 10 months ago

Cathryn ★★★★★

As a project manager, Euroraxx are the perfect company for me. They dealt with all of my enquiries quickly and the final product was to the high standard they promised. ...
