Dollery

*My enquiry is*

Planning permission request to pollard 5 limes trees on private land at 50 Canfield Gardens NW6 3EB. I am a director of the company that owns the land. The trees need to be pollarded to stop roots encroaching on our and neighbouring houses. This work has been done each year ( except last year) for the last 10 years - I have previously attached diagrams of the trees location ( just inside our garden wall close to the pavement side of the front garden.
