Dear Sir

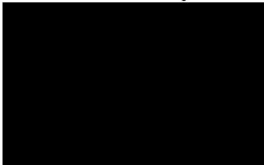

**100 AVENUE ROAD LONDON NW3 – AMENDMENT OF CONDITION NO 31 –
APPLICATION NO 2016/6699/P**

I write further regarding the above application to my previous objections.

As with the case of other objectors, I do not consider that the LU response email dated 9th March 2017 has addressed all of the concerns raised by Mr. Ian Stephenson's report dated 2nd March 2017, copy enclosed, regarding compliance with Condition 31 of the Secretary of State's decision dated 18th February 2016. In addition, the issues involving changes to the original condition have not been addressed.

In addition, it is not accepted that Condition 31 was imposed solely for the benefit of LU, as there is no provision to that effect in the condition at all. As with all conditions, they are imposed for environmental protection and for the benefit of the community at large.

Yours faithfully
