KEY

- EXISTING FABRIC
- PROPOSED FABRIC

- PROPOSED FABRIC

Notes

1. New partitions will be formed in studwork & plasterboard with skimoform finish.
2. Missing elements of decorative joinery will be replaced with new to match existing.
3. New doors will generally be traditional panelled doors with decorative mouldings, except where noted. Sk. panelled configuration will be used at ground and first floor. All panelled doors will be made to the square shoulders at basement and first floor.
4. New door frames and architraves are to match adjacent where original existing.
5. New sash windows will be single glazed, traditional double hung timber sashes and match existing proportions and detail.
6. Extent of repair to existing brickwork and floors will be assessed from scaffold.
7. Floors will be acoustically upgraded with insulation between the existing joists.
8. Decorative plasterwork and cornices are generally to be retained and refurbished except where noted to be removed.
9. Services will be run vertically within the central partition and distribute within floor voids. Existing niches are to be reused wherever possible.
10. Existing chimneys/peaces & grates will be assessed by a specialist and refurbished where original. New chimneys/peaces where required will be reproductions or period pieces to suit the age of the building.
