

2 St Marks Square

NW1 7TP

Ref No 2017/0705/P

20 Albert Terrace Ilkley

Setting aside the utter misery caused by the Basement build at No 11 Albert Terrace Mews - endless drilling followed by clumper trucks removing spoil - for weeks on end. Despite prior promises that the mews would not be blocked it was for hours on end, indeed sometimes the entrance and exit were closed off with barriers, Surely not right. My garage was rendered unusable.

The final straw was 4 cement mixers, engines running 10 feet from my windows. Surely not a repetition -  
All the best
