2017/0972/P	Louise Wolstenholme	31 Tudor Close Belsize Park Hampstead London NW3 4AG	31/03/2017 10:59:48	COMMNT	I am in favour of barriers as it would prevent unauthorised parking now that we are no longer able to clamp vehicles parking without a residents' permit. This is vital due to the proximity of Tudor Close to the tube station. It will also stop vehicles, particularly taxis and delivery vans, using our road to "park" up for periods of time awaiting their next job, often with their engine left running which disturbs the peace and adds to pollution levels.
