2017/0992/P	Ian McKinnell	9 Bristol House 80a Southampton Row London WC1B 4BA	27/03/2017 14:34:15	OBJ	<p>This proposed building is directly outside my bedroom window &amp; would be a significant encroachment on our building.</p> <p>Bristol House is residential building with over 26 flats &amp; around 75 people live here.</p> <p>A big blank wall within a few metres of my bedroom window would be very intimidating and would certainly impact on my enjoyment of such an important room.</p> <p>We have had a long history of noise problems with this hotel. Although this has been ameliorated recently I am concerned that this will impact on the quiet enjoyment of our bedroom.</p> <p>Few things are as important as a good nights sleep &amp; I object to this application as it will have a significant impact on the quality of life in my flat.</p>

2017/0992/P	Elizabeth Heaney	9 Bristol House 80a Southampton Row London WC1B 4BA	28/03/2017 22:42:24	OBJ	<p>I live in Flat 9 Bristol House which is a mansion block with over 26 flats &amp; around 75 people live here. This proposed building is directly outside my bedroom window &amp; would have a profound impact on my life and my neighbours.</p> <p>A large, brick wall and related structure outside my window would affect the light and acoustics In a negative way. There is also the high risk of noise and dust from the actual construction. We already live in a very built up area with high levels of pollution and noise - we are entitled to some peace and quiet in our own bedrooms.</p> <p>I object to this application as it will have a significant impact on the quality of life for myself and my family in our flat. I do not think that the provision of 4 hotel rooms, in an area with many hotels already, is justified in any way.</p>
