2017/1097/P	Jeff Claxton	Flat 18 Russell Square Mansions 122 Southampton Row London WC1B 5AE	31/03/2017 16:43:06	OBJ	<p>I wish to object to the application as the telephone box is not necessary and it will serve merely to impede the free flow of pedestrians, including visitors to and patients of the nearby hospitals, some of whom are in wheelchairs. This is a public safety issue.</p> <p>There are many phone boxes nearby which are very rarely used. This application is clearly trying to abuse the planning process in order to get advertising space.</p> <p>I therefore believe that this application should be declined</p>
