2017/1206/P	Gresham	15 Britannia Street	28/03/2017 21:08:17	COMMNT	Whilst I agree entirely that the site needs to be redeveloped, the building's exteriors do not seem to fit with the appearances of neighbouring buildings. Take examples as Scala and the lighthouse buildings - they have beautiful facades and from these proposals the majority of the office floors will be boxed in glass? I think some consideration should go towards the appearance of the building, however I do understand it needs to be modern and replace the god awful derelict buildings that currently stand there.
