2017/1247/P	Judith Nasatyr	7 Akenside Court 26 Belsize Crescent London NW3 5QT	29/03/2017 08:51:21	COMMEM AIL	While i commend the plan for planting and green roof, I do have concerns about the longterm impact. Such dense planting on such a small site will require regular maintainance. Without it we will have a dense forest at the end of our garden and sunshine in the garden will be severely limited. What protection will we have if trees need to be reduced in height or even removed at some time in the future?
