2017/1263/P	Barrie Tankel	43a Lancaster Grove London NW3 4HB	26/03/2017 20:22:59	OBJ	<p>Objection to Planning Application 2017/1263/P 11 Fitzjohns Avenue NW3 5JY</p> <p>We object to this application.</p> <p>1. The original building as seen on the site location plan was already a very deep building.</p> <ul style="list-style-type: none"> It extends well beyond the adjacent buildings along Fitzohns Avenue and has a much shorter garden than the adjacent buildings. The proposed extension will reduce the garden by a further 25% and this loss of important space will be detrimental to the open gardens. This application will two residential units to a previously consented scheme. If these are to be permitted they should be contained within the boundary of the building above so that the area of garden is maintained. Any reduction in the size of a garden particularly this one is detrimental to wild life. <p>Barrie Tankel on behalf of Belsize Residents Association</p>
