2017/1563/T	Donna Baillie	47A Woodsome Road London NW5 1SA	25/03/2017 12:30:34	COMMLET TER	I have no objection to Mr Dollar felling the cherry tree in our shared garden to ground level IF he also fells to the ground the dead - and therefore dangerous - elder tree in the middle of the garden. He has talked about only cutting off the top of the dead elder, but as the the trunk is approximately at a 45 degree angle, it needs to be felled to the ground to make it safe. This is particularly important when children visit the garden. Again, the garden is shared with my flat.
2017/1563/T	Donna Baillie	47A Woodsome Road London NW5 1SA	25/03/2017 12:39:24	AMEND	Further to my previous comment, to clarify: The garden is shared between Mr Dollar's maisonette and my flat. I am a council tenant. Camden Council leases my flat from Mr Dollar, who is the freeholder for the building.
