Your comments

I support the application as it will improve the quality of the area and should reduce traffic movements eventually.

Obviously the work to remodel the buildings will take some time and I would ask that working times especially noisy work be kept between 8am and 5pm Mon-Fri only and that dust and

rubbish be properly bagged to
keep dirt and dust levels
* down to a tolerable level.

This building is very close to our
own and we would ask that
the management of any
construction company on site
should control sweating and
shouting on site and keep the
narrow pavements clear at all
times.

I am very happy that these buildings will now be converted to 2 very large family units.

My only fear is that these will be "multi car" dwellings and if there is no provision for car parking in the APTS, this will put great pressure on the existing residents parking.

As we are at the end of the 'H' parking zone

this will leave us paying £100 per annum with no where to park. There are only 3 other spaces at the beginning of Branch Hill and no spare capacity in any adjoining streets. As a single body

old female this will make life rather dangerous
at night.

I therefore feel that with such
large houses some sort of "on-site"
parking should be in the plans.

Other than this I have no
objections

Please advise.
