|----------|------------------------------------|--------|--------------|

- Photo 1 Hoarding to No 192 with shared access & Belsize Park Station to south & Allingham Court to north
 Note1 Zigzags to pelican crossing extend across shared access and the southern end of the site.
 2 Bollard to shared access entrance which will need to be removed during the works.
 3 Copper beach in front of No 194

- Photo 2 Shared access to Globe LTC with site hoarding and station to south.
 Note 1 Pinch point between kerbs at back of station railings is 3.6m
 2 Strip between boundary and kerb is too small for pedestrian access.

To Whom It May Concern

192 HAVERSTOCK HILL, LONDON, NW3 2AJ

We write to provide an update on the current construction works taking place at the above address.

The works entail the first phase of construction for the provision of a new five storey building plus basement. This phase of works includes the construction of the basement level and ground floor slab which has a programme up until Spring 2017.

So far we have cleared the site and have commenced the piling works. Following this, excavation works will take place and then the formation of the basement slab.

Inevitably, as with any construction site some noisy works will be created, however we will ensure that these works will be limited and kept within the construction noise limits and working hours as set by the London Borough of Camden.

The access road to the Globe Tennis Club, adjacent to the site, will be kept clear and access will be uninterrupted at all times. If, for any reason, that access will need to be restricted for a short period of time, then we will of course provide adequate notification to you. This would only happen in exceptional circumstances.

If you have any queries about the current construction works then please do not hesitate to contact us at the address below or you can contact the Site Manager, Mr. Stuart Murphy on 07789002495.

We thank you for your patience while the works are ongoing and will look to provide a further update later in the programme.

Please accept our best wishes for Christmas & New Year.

Kind Regards

Rochford Construction
