Proposal Conversion of 4 bed maisonette into 2x2 bed flats and associated first floor rear extension and ground floor cycle store

Objection Yes

Observations We object to the proposed two rear dormers to this property, one should be enough. We also strongly object to the proposed 1st floor extension. This is not acceptable and is contrary to the CA appraisal. An approval would serve to bring even more development pressure on our area.

We would like to make the point that these drawings, at differing scales, and the photographs of the adjoining property are far from clear.
