| 2017/0992/P | Hilary Ann Andrews | Flat 21 Bristol House Southampton Row London WC1B 4BA | 10/04/2017 15:30:42 | INT | <p>I live at Flat 21 Bristol House. I wish to object to this planning application made by Hilton Hotels.</p> <p>I can see the existing hotel extension from my bedroom window. It is a hugely unattractive building that dominates the view. The proposed extension will further obstruct the view and the light available to the residents of Bristol House and cause additional noise to this pleasant mansion block.</p> <p>It is difficult to see how the significant interference with the quiet enjoyment of the many residents of Bristol House in their various flats can be justified in respect of 4 additional bedrooms to this already large hotel. There are many hotels in the area and I do not accept that there is a huge need for 4 additional bedrooms.</p> <p>I received no notification of this application. My understanding is that there has been a similar failure to notify other residents. Had others been notified I believe that there would be more objections.</p> |

Though there aren't enough specifics to determine the exact noise level, a new extension built right up to my building will likely mean quite a bit of noise reflected into my property. |
