Dear John Diver,

1. All the reasons why this proposed Basement works should not be approved by the council have been submitted to you.
2. We expect & hope you & the Planning committee will reject the proposal.
3. We do not want to bore you with the valid reasons for rejecting this inconsiderate plan submitted as you already have an enormous volume of the valid reasons.
4. Be BOLD, ASTUTE & FIRM to keep the area harmlessly livable.

Thank you for your sense of fairness,

Yours sincerely,

Ann Datta.
