Dear Sirs

Notification of Intended Works to Trees in a conservation area

Ref: 2017/1675/T

19 Parkhill Road, London. NW3 2YH

I wish to make you aware of the objection that I have with regard to the proposed tree works as referred to above. I am the owner of the First Floor flat at the property, 19 Parkhill Road, NW3 2YH and the application has been made by a neighbour.

It appears that neither of the two trees is diseased, dangerous or causing subsidence and they do not over hang the garden at 21 Parkhill Road.

I have been told that apparently the neighbours believe that the trees over shade the garden, I think that this is more likely due to the fact that the garden is north facing and should not be used as a reason to fell a tree.

The trees are important to the conservation area and to all residents and I believe should be retained whenever possible. I do support some trimming of the tree's as I believe this to be an important and responsible action for the tree owners to take to benefit and protect all residents.

I hope that you will agree that in this instance the current proposed works should not be given approval and certainly the tree should not be felled to the ground.

Yours sincerely

Sarah Waudby
