Hello,

Further to our meeting of yesterday I have summarised my recommendations below.

Residential entry doors to be LPS 1175 sr 3 or higher.

Post delivery. External boxes to TS 009

Audio and video access control, which will capture images of peoples faces.

Lighting of the exterior to a uniform level 40%.

Stud partition supported with 9mm plywood or expanded metal mesh.

Alarms and cctv to be considered.

regards Adam Lindsay
