Dear Rachael,

Yes please, if you could add it to the file as an objection that would be much appreciated.

Many thanks and kind regards,

Belinda

Changes such as the ones in this application would make it much less mixed-use and no longer successful for residents like me who are dependent on the current mix for a liveable home.

I can see the interior of the building from my flat, as well as the roof. This interior would be spoiled, and the mansard roof would be raised so that it no longer matched the mansard roofs in the rest of Ching Court.
