2017/0900/P	Belsize Residents Association, Sanya Polescuk	8a Belsize Court Garages	14/04/2017 17:45:42	OBJ	Conversion of a garage into liveable space is a regular feature of redevelopment works in properties of this type in the locality. More successful conversions however, retain the notion of the original garage opening instead of replacing it with a combination of a solid construction and a narrow window opening. It would be preferable for the applicant to follow such a principle as that would retain the original typology of these developments.
