Write your reasons here:

The office Block is too large and may further increase pollution due to extensive works. The security of the block will be further compromised due to building works. The property cannot remain derelict or ~~empty~~ empty as this also causes other problems so Camden & the developers need to completely rethink any development of that space. Camden needs to address the problems of pollution, environmental health, security, maintenance that already exist rather than adding to or neglecting current issues re Derby Lodge.
