21 April 2017

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
5 -8 Anglers Lane
London
NW5 3DG

Proposal:
Removal of roof enclosure between the boundary wall and main building and re-instatement of timber supports.
Drawing Nos: 13038/100, 13038/180, 13038_280, 13038_182, 13038_282, 13038_181 & 13038_281

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans 13038/100, 13038/180, 13038_280, 13038_182, 13038_282, 13038_181 & 13038_281

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Reasons for granting permission.

The proposal includes the removal of the roof enclosure between the boundary wall along Angler's Lane and the host building and the reinstatement of the timber supports to provide outside amenity space for the residential units.

The existing roof enclosure is not original and is quite dilapidated, its removal and making good of the boundary wall (pending recommendation for approval under a separate application reference 2017/0474/P) would be a positive alteration that would enhance the character and appearance of the building and wider Inkerman Conservation Area.

The existing timber supports holding up the roof will be repaired, made good, reinstated and painted grey to match the boundary wall treatment. This will provide

some sense of enclosure for the outdoor amenity space to residents of ground floor flats behind the boundary wall and will also hide any superficial damage to the brickwork which may have been revealed without these in place.

Outside amenity spaces created by the removal of the roof enclosure will be fully decked with timber and painted grey to match the boundary wall treatments. The interior of the boundary wall and walls dividing the amenity spaces shall be made good and painted white.

No written comments were received as part of the consultation exercise. The planning history of the site has been taken into account when coming to this decision. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

The proposed development is in general accordance with the London Borough of Camden Local Development Framework Core Strategy, with particular regard to policies CS5 and CS14, and the London Borough of Camden Local Development Framework Development Policies, with particular regard to policies DP24, DP25 and DP26, and policies A1, D1 and D2 of the Camden Local Plan Submission Draft 2016. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework 2012.

- 4 The emerging London Borough of Camden Local Plan is reaching the final stages of its public examination. Consultation on proposed modifications to the Submission Draft Local Plan began on 30 January and ended on 13 March 2017. The modifications have been proposed in response to Inspector's comments during the examination and seek to ensure that the Inspector can find the plan 'sound' subject to the modifications being made to the Plan. The Local Plan at this stage is a material consideration in decision making, but pending publication of the Inspector's report into the examination only has limited weight.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
