The Planning Inspectorate (uploaded only)

Dear Sir or Madam

Amended plans 205-207 Queen's Crescent, London NW5 4DP

The justification for the proposed amendment is set out in section 6 of the Statement of Case. In essence the amended plans (EH03a Revision A, EH12 Revision A and EH14 Revision A) are the existing arrangement.

The revised plans relate to the removal of the cycle storage shelters, which were included as part of the proposed planning application for the mansard roof extension at the request of officers of Camden Council. The cycle stands in the front lightwells are existing and provide a policy compliant amount of cycle storage. The amended plans therefore reflect the existing arrangement.

The removal of the storage shelter will address the fifth reason for refusal in its entirety. Justification for the proposed amendment with reference to Annex M of the Appeals Procedure Guidance England, August 2016 (and thus the Wheatcroft principles) is set out in the Statement of Case.

Yours faithfully

Charlotte Yarker
