### 3. Description of the Proposal

Please describe the proposed works:

Kitchen and bathroom refurbishment.

We would like to remove the current kitchen fixtures and fitting, none of which are original to the building and replace with a modern integrated kitchen that references Neave Brown's original kitchen design. No interior or structural walls will be altered.

With regards to the bathroom, the current bathroom is dated, damp and moldy. We would like to remove all fixtures and fittings (sink, toilet, show tray and tiles) and replace with modern fittings. None of the current tiles or fixtures are original to the building and we suspect the bathroom was last upgraded in the 1990s or early 2000s. This is an aesthetic improvement and no structural walls will be altered.

In addition to the works above, where possible we will restore the original features. For example removing the dark stain on the stairs to reveal the original coloration.
