Dear Evelyn,

Further to our conversation this morning, please could you delete my response from the website submitted at the weekend and replace it with the following:

“

I wish to object to the planning proposal:

The introduction of water supply, WC and sewerage to the new building opens up the potential of further change of use to a permanent or semi-permanent dwelling either relating to the existing house at 13, Boscastle Road or a separate dwelling opening onto Grove Terrace Mews which would be entirely detrimental to the local environment.

“

Kind regards

Tim
