Hello,

I have read the Design and Access statement in this planning application. It is unclear what security features will be fitted.

I note that the ATM will be anchored and there will be CCTV fitted.

I recommend that a mirrored surface is provided to show who is behind the ATM customer.

Lighting which assists the CCTV in gaining images of people's faces.

CCTV will be registered and comply with the information commissioner's office. www.ico.org.uk Does the current CCTV cover the area of the ATM ?

Consideration should be given to painting a privacy zone outside the ATM.

Regards Adam Lindsay
