Dear Mr Lester

Objection to application 2017/2068/P

I hereby object to the installation of a mobile mast on Troyes House.

I also object to any future applications by Waldon Telecoms to install a mobile mast on Troyes House.

The previous application was rejected based on the conservation reasons. I am a very vulnerable adult. I feel Camden Council has a duty of care and responsibility to me.

I object and would like to be notified of the committee meeting date by post.

I would like to attend committee.

I would like to speak at committee.

Yours sincerely,

Dear Mr Lester

Objection to application 2017/2068/P

I hereby object to the installation of a mobile mast on Troyes House.

I also object to any future applications by Waldon Telecoms to install a mobile mast on Troyes House.

There is no definitive evidence in any scientific journal that proves the radiation produced by these masts is not harmful to human health. It is indefensible for Camden Council therefore to endanger the health of the residents of Troyes House

I object and would like to be notified of the committee meeting date by post.

I would like to attend committee.

I would like to speak at committee.

Yours sincerely,
