2017/1169/P	Ramin Takin	Flat 36 Sandringham Court 99 Maida Vale London W9 1UA	24/04/2017 12:51:45	SUPPRT	The coal lifts are disused and will incur costs to maintain in future that are now needless. I also consider them an eyesore, which are thankfully not visible from the streets but which do obstruct light for the residents.
2017/1169/P	Garo Dedeyan	Flat 24 Bracknell Gate Frogna Lane London NW3 7EA	24/04/2017 12:36:40	NOBJ	The coal lifts have been redundant for years. They cannot be seen from anywhere but only the inside common area of the blocks. They are rusty and rotten in many parts. They represent serious health and safety issues and cannot be maintained to adequate and safe standards.  The general consensus of leaseholders of our block is to have them removed please.  Thank you

2017/1169/P	Mrs. A O Onyia	Flat 19 Bracknell Gate Frogna Lane Hampstead NW3 7EA	24/04/2017 16:25:10	NOBJ	No Objections
2017/1169/P	Firouzeh Siavoshi	Flat 17 Bracknell Gate Frogna Lane	24/04/2017 10:40:38	NOBJ	I strongly believe the coal lifts are now a health and safety hazard and that removal of the coal lifts would enhance the safety and aesthetics of the property .
2017/1169/P	Charmaine Wong	Flat 12 Bracknell Gate Frogna Lane London NW3 7EA	24/04/2017 14:53:09	SUPPRT	I am in full support of the application. The coal lifts are redundant, serving no purpose
