2017/1938/P	Edward Laws	FLAT 31 CENTRE POINT HOUSE 15A ST GILES HIGH STREET WC2H8LW WC2H8LW	27/04/2017 11:54:46	OBJ	This is not acceptable - this is a residential area and should not be subject to LED advertising - this is detrimental for the local living environment which will become unsettling with this kind of artificial light for a very prolonged period and serve no purpose for the public good and looks awful and cheapens the location
