Therefore, a building site less than 10 meters from our business will impact our ability to trade.</p> <p>We object to this proposal in the strongest possible terms.</p>

2017/1968/P	Dr Julia Pascal	FLAT 35 FLAXMAN COURT FLAXMAN TERRACE Bloomsbury WC1H 9AR WC1H 9AR	03/05/2017 10:01:41	OBJ	<p>On behalf of the residents of Flaxman Court, Flaxman Terrace, WC1, and as Secretary of the TRA, I wish to oppose this Commercial Extension to 20 Flaxman Terrace on the grounds of overdevelopment of this tiny street.</p> <p>Residents live in their homes and are entitled to the peace and enjoyment of them. For the past ten years we have suffered huge developments which have meant noise and air pollution on a grand scale. This started with major construction of The Place Dance Theatre over three years. This was immediately followed by three years of extremely heavy construction as the Unison Building was converted to the Halo Building 2012-2015. Now we are undergoing a year of scaffolding and Major Works at Flaxman Court by Camden Council. Noise and pollution has been suffered by us in a tiny street on an unprecedented scale. We oppose the overdevelopment of this street and the Commercial Extension at 20 Flaxman Terrace on the grounds of overdevelopment and a major works that yet again prevents us from enjoying the peace and enjoyment of our living space.</p> <p>Dr Julia Pascal Secretary of the TRA Flaxman Terrace London WC1H 9AR</p>
