2017/2098/A	chas strikes	american church 79a tottenham court road w1t4td w1t4td	02/05/2017 10:25:55	OBJ	If this was a painted sign, not illuminated, it would fit into the neighborhood better. As proposed, however, this illuminated sign will be shining right into our apartment where we are already suffering an increase in light pollution. Gigs already have an illuminated sign on that corner, adverts on lamp posts by the square plus an A-board on the street so having two more, illuminated, signs is excessive.
