

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2017/2171/P	Renato Martins	36 Honeybourne Road London NW6 1JE	30/04/2017 10:47:54	OBJ	The application reduce the value of the leaseholders by reducing the parking spaces. And the addition of yet another food or restaurant in the premises adds to congestion in the area and poses a fire risk to the property. It can aslo cause smell pollution to the flat inhabitants.
2017/2171/P	Adam Harrod	SBF Jack Straws Castle 12 North End Way Hampstead London	03/05/2017 10:39:31	OBJ	I am the Director of SBF, The Commercial Premises located within Jack Straws Castle. We are about to open a small organic healthy cafe within our premises. We need more information about the A3 licence being obtained with this planning application as if it is going to prove to be a competitor restaurant / cafe for the people of Hampstead to use then we will reconsider if we want to open the cafe on our premises. Can you provide more information on what is being built and what is will ultimately be being used for before we log anything official.
