Warren,

Can you please send through the AIP that was viewed by LBC.

If the footpath is TfL's then the scheme will need to go through our road space management team and will need assurance review from my team.

Good Morning,

We are a new development in Camden and we are working on building 14 new flats for LBC.

Our site is located on a TFL Red Route and so we would like you to take a look at the proposed. This AIP was put together for LBC who then realised it would be a TFL issue due to the sites location.

This AIP has already been viewed by John Parker (email attached).

Any problems, queries or questions please don't hesitate to contact me.

Many Thanks,

Warren Bragg
