2017/1944/P	Sanya Polescuk on behalf of Belsize Residents Association	8a Belsize Court Garages	07/05/2017 14:07:18	OBJ	The proposed first floor extension would obliterate the projecting party walls - a design feature of this development, characteristic of the period. In addition, the new section of the resulting roof would depart from the original design, creating a flat roof without sufficient insulation and impossible detail for RW discharge. It would set an unwanted precedent which could easily produce substandard details, detrimental not only to the individual buildings but also to the terrace.
