| 2017/2223/P | John and Jill Lawrence | 19 Grove Terrace London NW5 1ph | 08/05/2017 13:25:32 | COMMEM AIL | We have reviewed the documents provided. We do feel that the creation of a roof terrace with balustrade and huge skylight is excessive, particularly in view of having a substantial garden. The terrace enables overview of surrounding properties as well as providing the possibility of high level of noise when in use. We recommend the proposal be modified to reflect such concerns. |
