The Council has considered your application and decided to grant Approval of Details (Listed Building) subject to the following condition(s):

## Conditions And Reasons:

### Informative(s):

#### 1 Reasons for granting approval of details (listed building):

This approval of details application is to clear details of the façade cleaning and repairs required by condition 4a of listed building consent 2015/2013/L dated 14/04/2016 for Internal and external alterations including roof plant, internal courtyard, building fenestration and mezzanine levels.

It is considered that the details submitted and samples seen on site are sufficient to appreciate the works involved with the repair and cleaning of the faience, terracotta and brickwork are in keeping with the principles of the overall consented proposal. No harm is caused to the special interest of the grade II\* listed building.

Public consultation was undertaken by placement of a press notice and site notice. No responses were received. The site's planning history was taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy CS14 of the London Borough of Camden Local Development Framework Core Strategy, policy DP25 of the London Borough of Camden Local Development Framework Development Policies, and policy D2 of the emerging London Borough of Camden Local Plan. The proposed development also accords with policy 7.8 of the London Plan 2016 consolidated with amendments since 2011, and paragraphs 14, 17 and 126-141 of the National Planning Policy Framework.

#### 2 You are reminded that condition 6 (exterior columns) of Listed Building Consent 2015/2013/L granted on 14/04/16 is outstanding and require details to be submitted and approved.

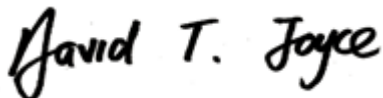

#### 3 The emerging London Borough of Camden Local Plan is reaching the final stages of its public examination. Consultation on proposed modifications to the Submission Draft Local Plan began on 30 January and ended on 13 March 2017. The modifications have been proposed in response to Inspector's comments during the examination and seek to ensure that the Inspector can find the plan 'sound' subject to the modifications being made to the Plan. The Local Plan at this stage is a material consideration in decision making, but pending publication of the Inspector's report into the examination only has limited weight.
