2017/1054/P	Andrew Radwell	78 Patshull Road London NW5 2LD	13/05/2017 14:41:00	COMMNT	There are far too many hot food takeaway premises on Kentish Town Road already and another is simply not needed and will destroy any chance of achieving a good diversity of retail premises which are needed for the amenity of this largely family area. The quiet residential nature of the surrounding side streets is already ruined by speeding take away delivery mopeds and there will be no restriction on this planning application to prevent a further increase of this problem. Anti-social behaviour, littering, noise, smells will all increase. A further degradation of area must be prevented.
