Subject: Tree removal - 2 / 13 South Hill Park Gardens, NW3 2TD - Darlene 25/4/17: logged under 2017/2355/T

Hi there,

I have a cheery tree in my garden at the above address which has mainly died off in the winter. Over 2/3 of the tree has now died (see the attached photo) and I wish to remove the tree. I attach a diagram of where the tree is in the property, and a photo of the tree.

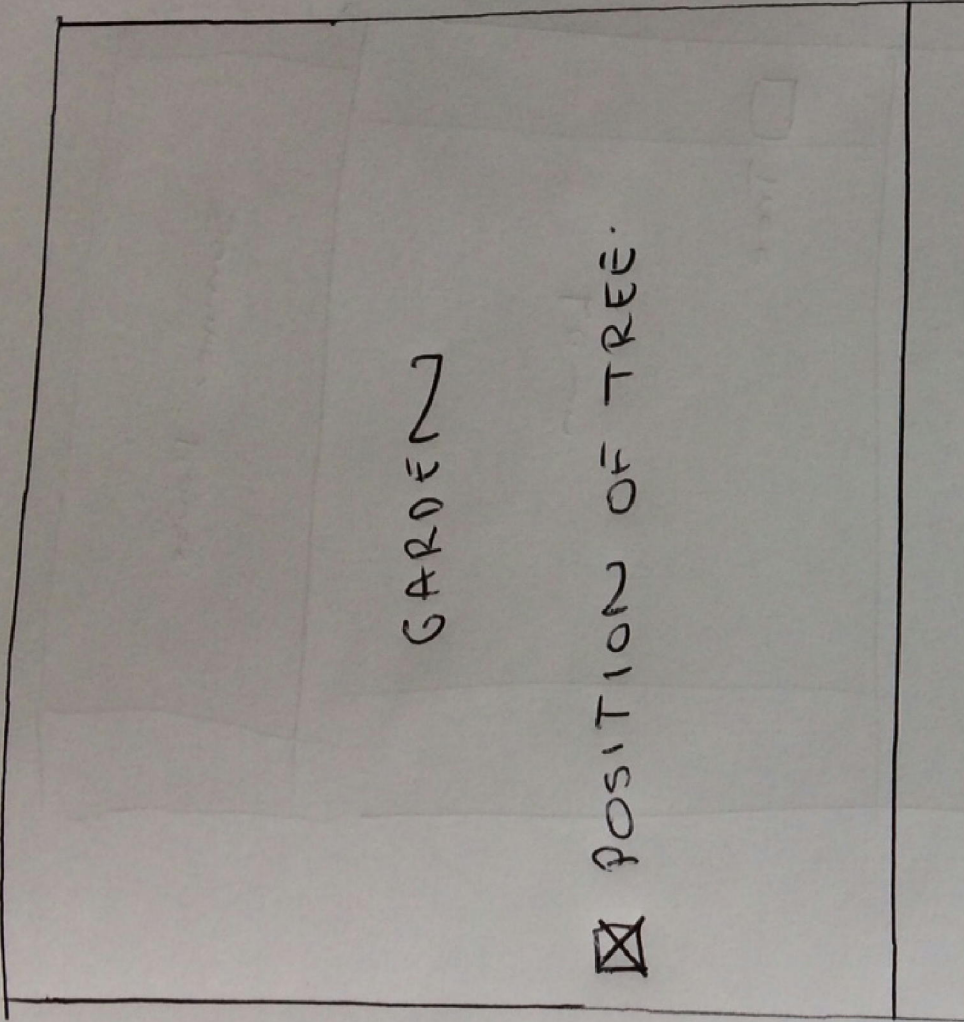

Can you please advise me of next steps to undertake this work?

Thanks in advance

Rod McLeod
