2017/2068/P	Michael Johnson	3 upper park road	17/05/2017 11:24:01	OBJ	Phone reception is already very good in the area- this installation is completely unnecessary. Unclear why Camden council has allowed another application given rejection of prior application. Strongly objection based on health/ safety concerns for many families living very close by,
2017/2068/P	Barbara Hezelgrave	18 Constantine Road Hampstead NW3 2 NG NW3 2 NG	16/05/2017 11:04:25	COMMNT	I would refer you to my letter to the previous application (2016/4803/P) opposing the erection of phone masts on Troyes House . Needless to say i still, for the stated reasons, continue to object most strongly.
