

Perforated vinyl mesh with printed artwork supported on galvanised tubular steel frame supported off steel sub-frame perimeter channel and tied back to modular buildings.

European Oak cladding boards with recessed luminaries.

Sloped access to building entrance (gradient is less than 1:20).

European Oak decking, smooth profile with anti-slip inserts.

Revision	Date	Amendment	Notes
A	10.04.17	Issued for Planning and Listed Building Consent.	1. Graphic to vinyl mesh wrap is indicative, final design to be provided by artist from the Slade School of Fine Art.
B	13.04.17	Issued for Planning and Listed Building Consent. Updated to include external lighting.
