Subject: Re: 1 Chester Gate - Architectural Details

Anthony,

Thank you for the details. In view of the fact that the house retains virtually no original features, and there is therefore no justification for a slavishly 'correct' historic interpretation, I would be happy with these proposed details as drawn.

Nigel

Dear Nigel

Hope you're well.

During our walk around 1 Chester Gate (adjacent to the large scheme at 6-10 Cambridge Terrace), we discussed some architectural guidelines that should be followed in the reinstatement of certain fabric.

We agreed that we would send you our architectural details document before it went to Camden to discharge our planning and listed building conditions.

Please find attached.

If you could please confirm that you are happy with the selected items, we will progress to a planning application.

Thank you

Regards
Anthony
