

## Additional statement

### Re: waste management and loss of employment

#### Basement unit at

96 West End Lane NW6 2LU

#### Waste management

Commercial waste collection for the restaurant will remain as is with commercial waste collection daily on West End lane. No changes will be caused by the proposal

The **proposed D2 unit** will produce minimal amount of waste (mainly bottles and general domestic waste). Collections service at a yearly fee is available through Camden council via West Hampstead mews. Recycling and non-recycling wheelie bins will be purchased if required.

#### Loss of Employment and usage of ground floor A3 unit

There will be no operational changes, loss of employment, disturbance of service, seating or the dining experience on the ground floor unit caused by the proposal.

#### Promoting better community health and bringing vitality to the area

Exeter mews is under developed in comparison to West Hampstead mews. It is foreseeable that the proposal will bring more vitality and better security to the mews.

Offers for discount personal training and fitness classes will be presented to all staff and customers at the ground floor unit to help further promote health and wellbeing.
