## THIRD SCHEDULE

Provisions of Part III of the Act as adapted and modified to apply to this Order.

15. (1) The Minister may give directions to the authority requiring that any application for consent under the Order, or all such applications of any class specified in the directions, shall be referred to the Minister instead of being dealt with by the authority, and any such application shall be so referred accordingly.

(2) Where an application for consent under the Order is referred to the Minister under this Section, the provisions of Articles 4 and 5 of the Order shall apply in relation to the determination of the application by the Minister as they apply in relation to the determination of such applications by the Authority.

Provided that before determining any such application the Minister shall, if either the applicant or the authority so desire, afford to them an opportunity of appearing before and being heard by a person appointed by the Minister for the purpose.

(3) The decision of the Minister on all applications referred to him under this section shall be final.

16. (1) Where application is made to the authority for consent under the Order and that consent is refused by that authority or is granted by them subject to conditions or where any certificate or direction is given by the authority, then if

the applicant is aggrieved by their decision on the application, or by any such certificate, or if the person directed is aggrieved by the direction, the applicant or that person, as the case may be, may, by notice in writing served within 28 days from the receipt of notification of their decision, certificate or direction, or such longer period as the Minister may allow, appeal to the Minister.

(2) When an appeal is brought under this section from a decision certificate or direction of the authority, the Minister may allow or dismiss the appeal or may reverse or vary any part of the decision of the authority, whether or not the appeal relates to that part, or may cancel any certificate or cancel or vary any direction, and may deal with an application as if it had been made to him in the first instance, and the provisions of the last foregoing section shall apply, subject to any necessary modifications in relation to the determination of an application by the Minister on appeal under this section as they apply in relation to the determination by the Minister of an application referred to him under that section.

(3) Unless within two months from the date of receipt of an application for consent under the Order, or within such extended period as may at any time be agreed upon in writing between the applicant and the authority, the authority either:-

- (a) give notice to the applicant of their decision on the application; or
- (b) give notice to him that the application has been referred to the Minister in accordance with the directions given by him under the last foregoing section;

the provisions of sub-section (1) of this section shall apply in relation to the application as if the consent to which it relates had been refused by the authority, and as if notification of their decision had been received by the applicant at the expiration of the said period of two months or the extended period agreed upon as aforesaid, as the case may be.

21. (1) Subject to the provisions of this section, if it appears to the authority that it is expedient that any consent under the Order granted on an application made in that behalf should be revoked or modified, they may by order revoke or modify the consent to such extent as appears to them to be expedient as aforesaid.

Provided that no such order shall take effect unless it is confirmed by the Minister, and the Minister may confirm any order submitted to him for the purpose either without modification or subject to such modifications as he considers expedient.

(2) Where an authority submit an order to the Minister for his confirmation under this Section, that authority shall furnish the Minister with a statement of their reason for making the order and shall serve notice of the making of the order on the owner of the land, and on any other person who in their opinion will be affected by the order, and if within the period of 28 days from the service thereof any person on whom the notice is served so requires, the Minister shall, before confirming the order, afford to him and to the authority an opportunity of appearing before and being heard by a person appointed by the Minister for that purpose.

(3) The power conferred by this section to revoke or modify a consent may be exercised at any time before the operations for which consent has been given have been completed.

Provided that the revocation or modification of consent shall not affect so much of those operations as has been carried out before the date on which the order was confirmed as aforesaid.

(4) Where a notice has been served in accordance with the provisions of sub-section (2) of this Section, no operations or further operations as the case may be, in pursuance of the consent granted, shall be carried out pending the decision of the Minister under sub-section (1) of this Section.

22. (1) Where any person is affected by an order under the last foregoing Section, or by a notice served on him under sub-section (2) of the foregoing section, in a case where the order is not confirmed, then, if on a claim made to the authority within the time and in the manner prescribed by Article 10 of the Order it is shown that he has incurred expenditure in carrying out work which is rendered abortive by the revocation, or modification, or stay of operations, as the case may be, or has otherwise suffered loss or damage which is directly attributable to the revocation, modification or stay of operations, the authority shall pay to that person compensation in respect of that expenditure, loss or damage.

(2) For the purposes of this Section any expenditure incurred on matters preparatory to acting on the consent shall be deemed to be included in the expenditure incurred in carrying out that work, but except as aforesaid, no compensation shall be paid under this Section in respect of any work carried out in the period after the making of the Order and before the grant of consent which is revoked or modified, or in respect of any other loss or damage (not being loss or damage consisting of the depreciation in value of any interest in land) arising out of anything done or omitted to be done during that period.

Provided that before determining any such application the Minister shall, if either the applicant or the authority so desire, afford to them an opportunity of appearing before and being heard by a person appointed by the Minister for the purpose.

(3) The decision of the Minister on all applications referred to him under this section shall be final.

16. (1) Where application is made to the authority for consent under the Order and that consent is refused by that authority or is granted by them subject to conditions or where any certificate or direction is given by the authority, then if

the applicant is aggrieved by their decision on the application, or by any such certificate, or if the person directed is aggrieved by the direction, the applicant or that person, as the case may be, may, by notice in writing served within 28 days from the receipt of notification of their decision, certificate or direction, or such longer period as the Minister may allow, appeal to the Minister.

(2) When an appeal is brought under this section from a decision certificate or direction of the authority, the Minister may allow or dismiss the appeal or may reverse or vary any part of the decision of the authority, whether or not the appeal relates to that part, or may cancel any certificate or cancel or vary any direction, and may deal with an application as if it had been made to him in the first instance, and the provisions of the last foregoing section shall apply, subject to any necessary modifications in relation to the determination of an application by the Minister on appeal under this section as they apply in relation to the determination by the Minister of an application referred to him under that section.

(3) Unless within two months from the date of receipt of an application for consent under the Order, or within such extended period as may at any time be agreed upon in writing between the applicant and the authority, the authority either:-

(a) give notice to the applicant of their decision on the application; or

(b) give notice to him that the application has been referred to the Minister in accordance with the directions given by him under the last foregoing section;

the provisions of sub-section (1) of this section shall apply in relation to the application as if the consent to which it relates had been refused by the authority, and as if notification of their decision had been received by the applicant at the expiration of the said period of two months or the extended period agreed upon as aforesaid, as the case may be.

21. (1) Subject to the provisions of this section, if it appears to the authority that it is expedient that any consent under the Order granted on an application made in that behalf should be revoked or modified, they may by order revoke or modify the consent to such extent as appears to them to be expedient as aforesaid.

Provided that no such order shall take effect unless it is confirmed by the Minister, and the Minister may confirm any order submitted to him for the purpose either without modification or subject to such modifications as he considers expedient.

(2) Where an authority submit an order to the Minister for his confirmation under this Section, that authority shall furnish the Minister with a statement of their reason for making the order and shall serve notice of the making of the order on the owner of the land, and on any other person who in their opinion will be affected by the order, and if within the period of 28 days from the service thereof any person on whom the notice is served so requires; the Minister shall, before confirming the order, afford to him and to the authority an opportunity of appearing before and being heard by a person appointed by the Minister for that purpose.

(3) The power conferred by this section to revoke or modify a consent may be exercised at any time before the operations for which consent has been given have been completed.

REGISTERED

Provided that the revocation or modification of consent shall not affect so much of those operations as has been carried out before the date on which the order was confirmed as aforesaid.

(4) Where a notice has been served in accordance with the provisions of sub-section (2) of this Section, no operations or further operations as the case may be, in pursuance of the consent granted, shall be carried out pending the decision of the Minister under sub-section (1) of this Section.

22. (1) Where any person is affected by an order under the last foregoing Section, or by a notice served on him under sub-section (2) of the foregoing section, in a case where the order is not confirmed, then, if on a claim made to the authority within the time and in the manner prescribed by Article 10 of the Order it is shown that he has incurred expenditure in carrying out work which is rendered abortive by the revocation, or modification, or stay of operations, as the case may be, or has otherwise suffered loss or damage which is directly attributable to the revocation, modification or stay of operations, the authority shall pay to that person compensation in respect of that expenditure, loss or damage.

(2) For the purposes of this Section any expenditure incurred on matters preparatory to acting on the consent shall be deemed to be included in the expenditure incurred in carrying out that work, but except as aforesaid, no compensation shall be paid under this Section in respect of any work carried out in the period after the making of the Order and before the grant of consent which is revoked or modified, or in respect of any other loss or damage (not being loss or damage consisting of the depreciation in value of any interest in land) arising out of anything done or omitted to be done during that period.
