Informative(s):

- 1 Reasons for granting listed building consent:

This application relates to the 2nd floor (Flat 2) of No.15-19 Shelton Street which is a part of the grade II listed 'No's 15, 17 & 19'; a terrace of 18th and 19th century houses and shopfronts; including the entrance to Ching Court. The buildings were a part of the site remodelled by the Terry Farrell Partnership 1983-5 associated with the wider regeneration of the Ching Court Triangle. Built from brick; no.15 finished in a stucco render and of three storeys with attics and a shopfront to the ground floor of 17-19.

The proposals are internal only and include removal and reinsertion of modern

partition walls which form the bathroom, and insertion of a new door to the bathroom to allow for an improved an open kitchen/living room and separate bathroom. The works would not impact upon existing historic features, do not involve loss of historic fabric, are seen as reversible and as such will not harm the special interest of the building.

No public consultation was necessary for this application and the site's planning history was taken into account when coming to this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy CS14 of the London Borough of Camden Local Development Framework Core Strategy, policy DP25 of the London Borough of Camden Local Development Framework Development Policies, and policy D2 of the emerging London Borough of Camden Local Plan. The proposed development also accords with policy 7.8 of the London Plan 2016 consolidated with amendments since 2011, and paragraphs 14, 17 and 126-141 of the National Planning Policy Framework.

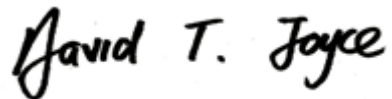

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.
- 3 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, 5 Pancras Square, London, N1C 4AG, (tel: 020-7974 6941).
- 4 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Noise and Licensing Enforcement Team, 5 Pancras Square, London, N1C 4AG (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 5 The Inspector's report on the Local Plan was published on 15 May 2017 and concludes that the plan is 'sound' subject to modifications being made to the Plan. While the determination of planning applications should continue to be made in accordance with the existing development plan until formal adoption, substantial weight may now be attached to the relevant policies of the emerging plan as a material consideration following publication of the Inspector's report, subject to any

relevant recommended modifications in the Inspector's report.
