Dear Sir/Madam,

I would like to object to the felling
of a Eucalyptus tree at the bottom
of the garden of no. 47, Willes Road.
NW5 3DN.

As the garden of 47 Willes Rd. abuts
the bottom of my garden, in which I have
many delicate plants and the tree is
very close to my fence and has branches
which extend over my garden, I feel that
damage will be done if the tree is actually
felled to the ground. In the past, the tree
has been reduced in height satisfactorily
and I have told the owner that I would pay
something towards the cost of pollarding it
every few years.

ALSO It is a beautiful tree which provides
nests for birds and, hopefully, helps to purify the
air from Kentish Town Road! Yours faithfully
