2017/2105/P	D Hawkins	25 Downside Crescent	25/05/2017 13:30:02	OBJ	<p>I object to the proposal because of the potential loss of privacy and overlooking of our adjoining property.</p> <p>A series of applications have permitted a full width rear extension and a basement under the entire house and part of the garden.I have not been informed of the latest proposal but it seems that the proposed doors and balconies could give access to the flat roof on the new extension,with consequent loss of privacy and overlooking for our adjoining property,contrary to Council policy.At the moment there are wooden railings around the flat roof of the extension which if permanent would enable use as a roof terrace.</p> <p>If the Council is minded to approve the application conditions should be imposed preventing access to and use of the roof of the rear extension</p>
