2017/2568/T	Daniel Austin	primrose loft 42 Elsworthy Road	25/05/2017 09:44:30	COMMNT	Dear Tree Team, I am the owner of the Freehold property known as 42 Elsworthy Road and the subject trees sit within our demise. As much as the trees have a positive impact on the streetscape, we do suffer from significant cracking in our property including the front elevation. Whilst we cant be sure that the said trees are to blame, having read the information provided by the insurers to 40 Elsworthy road it would seem logical that the subject trees are causing movement in our property as well. THUS WITH THE ABOVE IN MIND I WOULD SUPPORT THE REMOVAL OF THE TRESS. many thanks
